

happython.com 😊

**Hello everyone, what made me
happy this summer was just
swimming in the lake with
warm sunbeams... letting myself
be carried softly away by small
waves. I find that that's complete
happiness.. it's peace, calm, joy,
it's relaxing... it's being happy...
and all of that accompanied by
my dear husband xxx -ps: the
heat is much easier to stand
that way hmm...**
